

LETHE

THE LETHE GROUP

Be they megayachts, merchant ships or naval vessels — hundreds of ships operating on the seven seas today are fitted with reliable products made by the LETHE Group.

A LEADER IN THE FIELD OF SHIP OUTFITTING AND INSULATION

The Group's broad expertise is reflected in the organization of the four individual companies: **LETHE interior outfitting insulation** specializes in equipping new vessels, **LETHE marine technik** and **LETHE baltic** are providing comprehensive services for new building, repair and maintenance of naval and merchant ships, covering all areas of the German coast line whilst **LETHE yacht galleys**, as its name indicates, is specially engaged in fitting out galleys both on private yachts and other types of vessel. When the need arises, the individual companies join forces, offering smoothly interlinking services that complement each other perfectly.

As well as providing a wide range of applications, the LETHE Group gives high priority to customer proximity. Its sites in Hamburg, Wilhelmshaven and Wolgast are ideally located to serve the major north German shipyards.

- > owner-managed group of companies
- > annual turnover of approx. 40 million euros generated by a workforce of around 100
- > wide range of products and services based on ship outfitting and insulation
- > for all types of vessel
- > located in Hamburg, Wilhelmshaven and Wolgast
