## NEWBUILDING REFIT & REPAIR

At our shipyard, we build **container vessels** up to 900 TEU, **multi-purpose vessels**, **special purpose ships** and **mega-yachts**.

We value precision, quality and keeping adherence to delivery dates. Repairs, in particular, require a high degree of flexibility: they are either carried out at the yard or by our mobile repair service. The facilities at our shipyard make it possible to build ships up to a length of 140 metres and a width of 22 metres.
